

REMARKS

The drawings have been amended as suggested by the Examiner. New formal drawings of the corrected figures will be submitted later.

The specification has been carefully reviewed and amended to correct inaccuracies therein. It is noted regarding the Examiner's objection to the specification on page 13, line 7, (item 5, on page 3 of the Office Action) that the objection could not be overcome because there is no "AD" description at that line.

The claims have been also amended to avoid the Examiner's objections thereto.

Claims 1-22 pending in the application are allowed.

CONCLUSION

In view of the amendments and remarks set forth above, this application is in condition for allowance, which action is respectfully requested.

However, if for any reason the Examiner should consider this application not to be in condition for allowance, he is respectfully requested to telephone the undersigned attorney at the number listed below prior to issuing a further Action.

Any fee due with this paper, not fully covered by an enclosed check, may be charged on
Deposit Account 50-1290.

Respectfully submitted,
